

Dr Reza Fazeli

Dr Reza Fazeli is a Research Fellow at Zero-Carbon Energy for the Asia-Pacific Grand Challenge. He joined the ANU College of Engineering and Computer Science in January 2020. His main research interests are energy systems modelling focusing on the transition to renewable hydrogen, analysis of energy policies towards decarbonization and multi-criteria decision analysis for energy planning. He has explored the trajectories towards sustainable energy systems in Iceland, and Portugal. He received his PhD in Sustainable Energy systems from University of Porto, MIT-Portugal program. He has an MSc in Energy Systems Engineering from Sharif University of Technology and a BSc in Mechanical Engineering from University of Tehran.
