

Professor Eric F. May FTSE, FIChemE, GAICD

Managing Director, Future Energy Exports CRC

Director, Gas Capture Technologies Pty Ltd.

Eric May is Managing Director of the Future Energy Exports (FEnEx) CRC and was named the 2021 Western Australian Scientist of the Year. His research team works closely with industry, conducting projects in hydrogen liquefaction, LNG production and decarbonisation, gas separations, CCS and fluid property prediction. Eric was awarded the Malcolm McIntosh Prize for Physical Scientist of the Year as part of the 2012 Prime Minister's Prizes for Science. In 2017, he co-established *Gas Capture Technologies Pty Ltd*, a spin-out company for patented technologies to capture methane from coal mines, land-fill gas and other sources. Launched in 2020, the FEnEx CRC brings together 35 industry, government and university partners with resources of \$163 million to conduct industrial-scale research that supports LNG and Hydrogen exports from Australia.
